Letter: A plea to preserve Notre Dame Church

I read with dismay the possibility of Worcester losing another historic building. The Notre Dame des Canadiens Church is a significant landmark in downtown Worcester and speaks directly to the history of the immigrants who settled here. With modern, sleek buildings replacing the old, we, the Colonel Bigelow Chapter, Daughters of the American Revolution, urge our city leaders to work diligently with Preservation Worcester and other stakeholder groups to allow additional time to exhaust all measures to save this historically significant structure. We need to preserve this building to keep the stories of our immigrant ancestors alive. Worcester has lost many historically significant buildings. Let us not lose this one.

Linda Munroe Hart

Regent, Col. Timothy Bigelow Chapter
