WORCESTER - American history students from University Park Campus School took a recent field trip to the 1896 John Legg House, at 5 Claremont St., headquarters of Hampton Properties.

Owner Russ Haims, at right, gave a tour of the renovated house and paused near the beautiful stained glass window depicting Evangeline, described in Henry Wadsworth Longfellow's poem of that name.

The field trip was part of Preservation Worcester's New City Dreams program. Teacher Max Stern walked with about 35 kids to the Legg house for the tour March 10.
